

Dear Perspective School,

Thank you for your interest in The National Residence Hall Honorary. We are sure that university has many strong leaders and this will be an excellent addition to the organizations on your campus. The NRHH is comprised of the top one percent of leaders living on your campus. Each chapter has its own process for selecting these members as well as their own traditions within the chapter. We hope cannot wait to see what develops as your University begins its own NRHH chapter.

We have enclosed a variety of information which we think may help you along the journey to create an NRHH chapter. And if you have any questions you can always contact your region's Regional Associate Director, and if you have any questions as to who that is or how to contact them, please do not hesitate to call the NRHH National Office.

Sincerely,

National Office Staff
